

## Probasco's Circus & Equescurriculum

### Movements through NSW and Victoria in 1898-9

*E.L.Probasco (1867- c1930) was an American horsetrainer who was brought to Australia by FitzGerald Bros Circus in 1895 with his 'talking horse'. Mahomet.*

*After a contractual dispute, Probasco left the FitzGeralds during their 1896 New Zealand tour.*

*He subsequently formed his own circus, returned to Australia and toured NSW and Victoria extensively during 1898-9 before closing up his circus at Bega and auctioning the circus properties. He then moved on to the Phillipines where he is believed to have died about 1932.*
